SEVENTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, MAY 24, 1906.

No. 21

HOME COMING IN HOPKINS COUNTY.

Big Program Being Arranged for
June 20 and 21.

OLD FASHIONED BASKET DINNER
AT LAKE SIDE PARK FIRST DAY.

Industrial Parade, Musical and Other En-
tertainments at Madisonville on
Second Day.

A meeting, called by Jno. B. Atkinson, Commissioner for Hopkins county for Home Coming Week at Louisville, was held in the County Judge's room at the court house in Madisonville Friday afternoon last, at 5 o'clock, for the purpose of taking up the work of arranging for a Home Coming Day or days to be celebrated in Hopkins county during the week of June 18th, which follows the Home Coming Week at Louisville. A number of Madisonville and Earlington business and newspaper men were present. Judge Jno. G. Hall, Vice Commissioner for Hopkins county, was made chairman of the meeting. After taking the chair the Judge made a brief statement of the purpose of the meeting and asked the pleasure of those present. Col. W. L. Gordon made a talk advocating the appointment of an Executive Committee of a few working members to whom should be left the selection and appointment of sub-committees and the planning and carrying out of a line of suitable entertainment for the proper celebration of the occasion on which the country's hospitality is to be extended to the home comers. He moved the appointment of the following gentlemen to constitute this committee, with the powers as stated: C. C. Givens, I. Bailey, Jno. B. Brasher, of Madisonville; Frank D. Rash, Earlington; W. H. Weir, Hanson; David Morrow, Nebo; Wm. Lynch, Dawson Springs. After some discussion as to size of the committee the motion was unanimously adopted. C. C. Givens was made chairman of the committee.

No details of the celebration were discussed in the meeting. The feature which seemed to be favored by most of the leaders in the movement, however, around which to group any other entertainment, was an old fashioned basket picnic to which all citizens of Hopkins county would be invited and at which they would entertain all friends and visitors. The day could be greatly enlivened by a series of friendly athletic and other contests which an active committee on Entertainments would arrange.

Executive Committee Plans.

The Executive Committee held a meeting at Madisonville Tuesday afternoon at which time plans were laid for the celebration and committees appointed to carry out the details of two days entertainment, one day at Madisonville and one at Earlington. The days selected are Wednesday and Thursday, June 20th and 21st.

On June 20th there will be held a mammoth old fashioned basket picnic at Lakeside Park, Earlington, with such athletic and aquatic sports and contests as may be arranged by a committee on amusements, and with speaking, music and other diversions. Jas. R. Rash, as Vice Chairman of the General Reception Committee, will act as Chairman of Reception and Entertainment on this day, in con-

junction with members of the General Reception Committee.

June 21st will be taken up with a Floral and Industrial Parade at Madisonville, in the morning, for which Jno. B. Brasher is made chairman with power to impress other workers and create and conduct the whole thing. This is expected to prove a great feature. In the afternoon an entertainment will be arranged to be given at the fair grounds, the direction of C. C. Givens, who is made chairman for this entertainment. It is probable that Mr. Givens will arrange for a vaudeville and musical attraction for this occasion. The evening of the second day's celebration will be accompanied with a musical entertainment to be given at the Tabernacle, at Madisonville. The committee to arrange this attraction is Ben R. Ashby, chairman; Mrs. Jas. R. Rash and Hammond Loving.

H. H. Holman, P. B. Ross and Earnest Niebet were appointed as Finance Committee, with power to appoint a subcommittee consisting of members from various parts of the county to facilitate the collection of funds.

General Reception Committee.

Colonel W. L. Gordon, chairman. James R. Rash, Vice Chairman.

Madisonville—Judge J. W. Wilson, Mayor I. N. Vickers, Judge Jno. G. Hall, Lee Gibson, Judge J. F. Gordon, W. C. Morton, J. T. Alexander, W. J. Cox, H. H. Holman, Robt. L. Ferguson, J. J. Glenn. Earlington—Mayor W. F. Burr, John M. Victory, W. C. McLeod, George C. Atkinson, John B. Atkinson, M. B. Long, James Crenshaw, J. W. Robinson, F. B. Arnold, D. M. Evans, W. R. Coyle, Paul M. Moore.

Mortons Gap—M. Cain, W. W. Kingston, A. W. Davis. Hansou—R. H. Weir, James C. Webb, E. L. Parrish. Dawson Springs—N. L. Holman, T. W. Clark, J. E. Hays.

Nebo—J. D. Bobbitt, C. N. Ferguson, W. A. Hodge. Nortonville—G. W. Loving, George M. Steele, Joe Kennedy.

White Plains, Woe Bailey, C. A. Prowse, T. O. Dillingham. St. Charles—J. V. McEuen, E. J. Sisk, T. R. Finley.

Ileley—R. M. Salmon, A. F. Finley, M. D., Dimmitt Woodruff.

Cheasley—Jabez Trathen, C. S. Williams, Alf H. Jones.

Barnesley—William Bradley, Thoms Sisk, W. D. Hill.

Manitou—A. E. Hill, John Mangrum, Ezra Tapp.

Dalton—Frank Bell, Mack Brown, M. D., T. H. Sisk.

Charleston—B. L. Franklin, E. P. Earle, M. D., Ben Ligon.

Anton—B. T. Arnett, Sam Bernard, Varenne Davis.

Ashbysburg—J. M. Ashby, J. W. Tomlinson, E. Hartford.

Big Gathering at Louisville.

The plans for Home Coming Week in Louisville, June 13-17, are practically complete, and any one at all familiar with them will agree that they point to the largest gathering in the history of the South. The very lowest estimate, based upon acceptance cards and letters on file at the headquarters of the Louisville Commercial Club, point to an attendance of over 55,000 ex Kentuckians. Only a small portion of this number is dictated on their acceptance card the county of their birth.

Below will be found a list of former residents of this county, who have accepted the Home

(Continued on Page 3.)

SUNDAY MORNING FIRE

Burns the First House Built at
the Opening of Earlington's
Mines.

PROPERTY OF TWO
FAMILIES DESTROYED.

The first house built in Earlington, at the time coal mining in Hopkins county had its beginning, was burned Sunday morning about nine o'clock. The house was built for a boarding house and was located near the opening of No. 11 mine of the St. Bernard Coal Co., the first commercial coal mine ever opened in Hopkins county. It was built in 1870 under contract by the late John Osburn, of Madisonville, and among those who worked with him on the job were Isaiah Fox, of Earlington, recently deceased, and Floren Simons, of Madisonville. The lumber in the house was sawed by Felix McEuen, father of Thos McEuen, of this place, and J. V. McEuen, of St. Charles, at his mill then located between No. 11 mine and Hecla. Mr. McEuen has been dead some years.

At the time this house was being built D. W. Unstead was helping to frame the timbers for the first No. 11 tippie. This was the first job Mr. Unstead worked on for the St. Bernard Company, starting as he did on the first construction planned. The timbers were framed in the bottom between No. 9 mine and Hecla, the work being done under contract with the late Frank Bourland, of Madisonville.

The first landlady to run this pioneer boarding house was Mrs. Germaine, a French widow, who presided over the house for several years. During her residence here Mrs. Germaine married Zack Richards, then a miner in the employ of the St. Bernard Coal Co. Mr. Richards afterward bought a good farm in the Charleston country, where both are still living and doing well.

The destruction of the old land mark of early mining operations here naturally put the older citizens in a reminiscent mood and brought out the details related above. Among other things was the story of an almost fatal injury inflicted on one of our old citizens at the building of the first No. 11 tippie. Robt. W. Wood helped to raise this tippie. One of the bents fell, striking him on the shoulder, a glancing blow and brushing him out of the way. He escaped death but a few inches and was disabled several weeks.

The old two story house was occupied at the time of the fire by two colored men, Geo. Williams and Jno. McCain, with their families. The fire originated in the side occupied by Williams, which was closed up at the time, the family having gone visiting after breakfast. That half of the house was gutted by flames before the fire was discovered by the family in the other half, and the latter were just able to get themselves and a very few belongings out. The loss of household effects amounts to about \$200 for each family. Two smaller houses are to be built at once on the old site.

Bishops Elected.

The Rev. Dr. John J. Tigert, a native of Louisville, and the Rev. Seth Ward of Texas, were elected bishops of the Southern Methodist Church Thursday by the conference in session in Birmingham, Ala. At the night session Rev. Jas. Atkins, of Tennessee, was also elected.

COURT ORDERS

That Mayor Vickers Recognize J. D. Sory as Councilman.

Yost & Lafoon, attorneys for Councilman J. D. Sory filed a petition in the circuit court Friday asking that a writ of mandamus be issued against I. N. Vickers, mayor of Madisonville, to compel him to recognize the plaintiff as the councilman from his ward.

The petition recites the fact that plaintiff was duly elected and qualified as councilman, and that he had been serving as such since December last, and that no question as to his eligibility had been raised by the council or by any member thereof, but that Mayor Vickers had arbitrarily ordered the city clerk to refuse to recognize plaintiff as a member of said council.

Ten days notice was given Mayor Vickers to answer the petition, when plaintiff asks for an absolute mandamus against the mayor to prevent further interferences with his rights, but pending this ten days he asked a temporary restraining order against the mayor, which was granted by the court.

This action of Councilman Sory will bring up the question of his eligibility before the courts, and May 29 is the day set for the hearing before Judge Gordon in the circuit court room.

In the meantime, under the order of the court, Councilman Sory will continue to exercise his rights as a member of the city council.

A special meeting of the council will be held Saturday night to consider the application of Lee Casort for saloon license and some claims arising from the suit of Hardman against the city, which was recently affirmed by the court of appeals.

Annual Convention of Knights of Pythias.

The annual convention of the Knights of Pythias of the Second and Third districts will be held in Henderson on May 24th, and the members of Ivy Lodge will prepare to entertain about three hundred delegates.

A special committee will meet all trains arriving that day and a banquet will be given after the business of the meeting is disposed of.

T. G. Stewart, grand chancellor of Winchester, and Joba W. Carter, grand keeper of records and seals, of Owensboro, will be the guests of honor, and the first and second ranks will be conferred on six candidates.

Killed With Goebel's Pistol.

Nicholasville, Ky., May 21.—With the pistol that William Goebel carried when he was assassinated from the Statehouse in Frankfort, Ward Penthe accidentally shot and killed himself. For several sessions of the Legislature Penthe has been clock room keeper of the Kentucky Senate. The pistol was in his baggy, when it was accidentally dropped to the ground and was discharged. The ball entered his stomach. He lived only two hours. Penthe was preparing to go to High Bridge to act as Deputy Sheriff for the day.

Knights Templar Meet in Paris, Ky.

The annual convocation of the Grand Commandery of Knights Templar met in Paris, Ky., yesterday and will hold everything in sight for two days. It is expected that 1,500 Sir Knights and ladies will be the guests of the citizens of Paris on this memorable occasion. Earlington is represented by Geo. C. Atkinson and Madisonville by Sam D. Langley.

WASHINGTON.

Eleven Million Pieces Mail Last
Year Land in Dead Letter
Office.

John Paul Jones' Likeness May Be Put on
Postage Stamps.

Washington, May 22.—Employees in the north wing of the capitol witnessed a novel scene in the senate ladies' gallery Friday morning, which illustrates the keen interest taken in the progress of the rate bill. A few minutes before 10 o'clock a well dressed, elderly woman entered the gallery's swinging doors and made her way to the front seats. Drawing from her capacious shopping bag a collection of silks and laces she placidly threaded a needle and proceeded to the making of a waist. Even after the galleries were filled and the senators had begun work she plied her needle. Not until the routine business was over and the rate bill was trotted out did she put her sewing aside. The interest now naturally centers around the heated controversy in which the president finds himself with Senators Tillman and Bailey and former Senator Chandler, since the rate bill itself is settled, and settled successfully. President Roosevelt has announced himself as pleased with the measure, and so have radicals and conservatives alike. Everybody, indeed, is rejoicing that a practicable and finished piece of legislation has been accomplished, instead of a tentative measure which would still leave shippers and carriers up in the air.

Officers in the war and navy departments, while professing to regard as purely imaginative recent reports from England and Germany that the United States government has been an active and successful bidder in the world's markets for foreign military and naval secrets, are really very much stirred up over the matter. The charges all come from the temporary disappearance from the office of the English admiralty of the plans of the new English monster battleship the Dreadnaught. Foreign governments, particularly those deeply interested in the balance of war power in Europe, where the smallest advantage is carefully guarded lest it be shared by a possible adversary, are just at present unusually prone to allege spying and bribery against other governments. It is a departure, however, for the United States to be charged with this kind of work, and officials, in resenting such a procedure, do so the more strongly because of the absolute proof of falsity.

Never in the history of the United States has its foreign trade reached the proportions attained during the ten months ending April 30. The total volume was \$2,500,275,834. The increase in this period over the same period in the previous year was \$300,000,000.

With a record of 11,000,000 pieces of mail matter misdirected or illegibly addressed and thus thrown into the dead letter office in 1905, the postoffice authorities believe the time has come for some thorough and widespread campaign of education to enlighten the public. To this end Fourth Assistant Postmaster General McGraw advanced a plan which has been adopted. Mr. McGraw will send with each letter forwarded to addressee or

(Continued on Page 7.)

MORTONS GAP MARSHAL

Has Lively Tussle with Negro Saturday
Night.

There was a dance among the colored population of Mortons Gap Saturday night, and a slight misunderstanding arose between Robert Hopson and an unknown party who is said to live at Barnsley. A fight resulted, and in the fight Hopson was badly cut with a razor and came near bleeding to death before the physician arrived. City Marshal Sisk and his deputy came in to quiet things, and Mr. Sisk was severely cut across the hand while holding the assailant of Hopson. The negro who did the cutting succeeded in making good his escape and has not yet been apprehended.

Hopson is in a serious condition.

HURT BY FALLING LIMB.

John McCormack of Nebo Injured While
Cutting Down a Tree.

John McCormack of Nebo was badly injured one day recently while cutting down a tree, one of the limbs striking him on the head and inflicting quite a serious wound. He was sawing the tree down when a large dead limb in some manner became loosened from near the top of the tree and fell on his head. The attending physician thinks he will recover.

"A Country School Marm."

The Green River News, published at Sebree, had this favorable comment of the "Country School Marm" played in that city Friday night by Earlington home talent under the heading, "The Play Tought," in its issue of May 18:

"The play 'A Country School Marm' to be given at the Opera House tonight, is one of the best entertainments we have had for some time. It is one of those reproductions of real life, in the common walks of men, which being true to nature, true to the truth, which always appeals to an audience.

"It is put on by young people of Earlington, who have developed talent for the stage and come with the play so well prepared to put it on in the most approved manner, that we feel no hesitancy in urging our people to attend it, feeling assured that they will be well repaid for so doing."

Saint Radford Hurt.

Saint Radford, colored, of this place, was badly injured in some manner Thursday morning at Barnsley. His left arm was broken near the shoulder and was amputated by Drs. Sisk, Nesbit and Johnson. Radford says he has no idea how he was injured, as he was considerably under the influence of liquor at the time and remembers nothing until he reached the house of Thomas Montgomery. The injured man was moved to the St. Bernard hospital and his arm was taken off at the shoulder. He is getting along nicely and will likely recover.

Ice Cream Supper.

The ice cream supper given at the Armory Saturday night by the Ladies Society of the M. E. Church, South, was a success from every standpoint. There was a large number present and everything in sight was sold and eaten with the exception of the ladies and flowers. A nice sum was realized for the "Aid" and the expenses were quite small, as a large portion of the cake and cream was contributed by members of the church.

SHORT LOCALS

A little rain just now would help things considerably.

Mrs. Paulina Jones is reported to be quite ill with pneumonia.

R. M. Dempsey of Madisonville was here Saturday on business.

George Toy says he has the finest 8-year-old horse in the country.

C. Truempy will save you money on a watch. See him before buying elsewhere. At W. C. McLeod's.

James Sanders is now doing duty in town as watchman in the night time.

Mrs. J. E. Fawcett, who has been ill for several days, is slightly improved.

Mrs. Polk Blair and children are visiting relatives in Logan county this week.

How about fixing that clock? Will fix it so it will keep correct time. C. TRUEMPY at W. C. McLeod's.

Mrs. A. O. Sisk, who has been quite ill with pneumonia for several days, is getting along nicely.

M. B. Long of this city recently sold to Mrs. Rogers his property, consisting of three houses on Methodist hill.

Go and see "Ten Nights in a Barroom" Saturday night, May 26. Doors open at 7 o'clock. Play begins at 8. Popular prices.

City Street Commissioner Wood is having Sebree avenue ditched and is also laying new pipe on a portion of this street to the water main.

It is currently reported that Mr. Coughler and family, who recently left this place for California, have decided to return to Earlington.

"Ten Nights in a Barroom" will give you something to think about. Go and see, this great play under their own tents, Saturday, May 26.

Rev. J. W. Hardy and Prof. A. C. Kuykendall were here last week working in the interest of the South Kentucky college at Hopkinsville.

The St. Bernard Mining company are having their offices newly papered and making other improvements. The work is being done by Claud Harris of Madisonville.

Perhaps that old ring you have put away needs a nice set in it. Bring it to me. Will make it look like new.

C. TRUEMPY at W. C. McLeod's.

PERSONALS

Polk Blair went to Madisonville Monday.

Mrs. Walter Hite is visiting in Graham.

Miss Eliza Curtis visited in Hanson Saturday.

Miss Edie Stokes was in Madisonville Monday.

Mrs. M. W. Coyle was in Madisonville Monday.

Mrs. Joe Childers was in Madisonville Monday.

Mrs. Will Sights was in Madisonville Saturday.

Mrs. J. J. Sullivan was in Madisonville Sunday.

Miss Maude Gough was in Madisonville Saturday.

Mrs. Fred Ashby visited in Madisonville yesterday.

Mrs. H. M. Davis of Livermore was here this week.

Mrs. Frank Rash visited in Madisonville Wednesday.

Miss Jas. Keisner has returned from a visit to Kelly.

Roy Parker and Roy Wyatt were in Nashville Monday.

J. B. Atkinson was in Louisville on business this week.

Mr. and Mrs. Ed Ray were in Madisonville Saturday.

George C. Atkinson has returned from a trip to Louisville.

Miss Grace Gordon of Morton Can visited here Monday.

Miss Janie Victory was in Madisonville shopping Monday.

Mrs. Mand Martin and children are visiting in Providence.

Mrs. Rosser of Howell, visited her son, Jeff Murphy, last week.

Frank D. McJarry of this place visited in Greenville Sunday.

Mr. and Mrs. Charlie Webb are visiting relatives in Nashville.

Mrs. George Brayer of Crofton visited friends here this week.

Leroy and Harry Gaines of Graham spent Sunday in Earlington.

Mr. and Mrs. Paul Price visited relatives in Madisonville Sunday.

W. G. Wright and wife of Isley were in Madisonville Wednesday.

Clyde Meadows of Dawson visited friends and relatives here Monday.

Mrs. Clara Ross and Mrs. Smith Dulin visited friends here Tuesday.

Mr. and Mrs. Will C. Morton and children visited friends here Sunday.

Mrs. Arab Longstaff of this city is visiting relatives in Nashville a few days.

Mrs. Fannie Gill of Madisonville has returned from a visit to friends here.

Mrs. L. H. O'Brien and Miss A. O'Brien were in Madisonville Wednesday.

Mr. Tom Robinson of White Plains spent Sunday here with his family.

Mrs. Will Bramwell visited friends in Nashville Saturday and Sunday.

Mrs. Will Robinson and Miss Mabel Martin were in Madisonville yesterday.

Mrs. Jim Streaker and Mrs. A. E. Streaker are visiting relatives in Henderson.

Mrs. Howard Brazleton and son left Monday for Winchester to visit her mother.

Mrs. G. T. Campbell of Sebree returned home Saturday from a visit to friends here.

Rev. B. M. Currie of Cloverport was shaking hands with his old friends here yesterday.

Mrs. Walter Peyton and little son left for New Decatur, Ala., to join her husband, where they will reside.

Dr. and Mrs. Will Ross and Miss Mattie May Alexander called on friends in the city Sunday afternoon.

Mrs. Harry Bramwell and little daughter, Dorothy, of Providence, are visiting friends and relatives here this week.

James McCulley of Llesman has returned after visiting his parents, Mr. and Mrs. R. J. McCulley of this city several days ago.

Mrs. Miller, Misses Mary Mothershead, Nell Carlin and Lizzie Dear visited the Madisonville graded school in that city Friday afternoon.

Hammond H. Loving and son Hanson of Paducah stopped a short while in Earlington Tuesday on his way home from a visit to Providence, Ky.

Messadams Charles H. McGary and W. S. Bramwell of this city returned from a several days' visit to friends and relatives at Nashville, Tenn., Sunday night.

J. W. Sisk of this place visited friends and relatives at Paducah this week. He was accompanied home by his sister, Miss Ada, who will spend several days here.

NEWS LETTER FROM NEBO.

By the way of beginning we will say that it is dry and very dry. In fact it is so dry that it hurts. Our farmers are getting despondent. Their tobacco plants are ready to transplant and unless it rains in the near future they will be too large to plant. Corn is not doing well. Wheat, oats and grass are already badly damaged. Take it all in all the outlook is not encouraging.

Cris Hoffman is as delicate as ever.

R. P. Hill went to Providence Monday.

Our factories are idle for want of a suitable season.

A number of new houses are being built of gas in Nebo.

Rev. J. E. Klug, of Earlington, passed through Nebo Monday.

James Durham and wife went to Staughtonsville Saturday, returning Sunday.

Will Edwards bought a lot from J. Y. Brown and will begin the erection of a new residence forthwith.

The Cumberland Telephone Company has put in an exchange here with Hagie Tilford as manager and Mrs. Tilford as "hello" girl.

R. S. Hill is selling groceries and says that he has come to stay and that the man that sells cheaper than he does has his groceries to steal. One thing we do know, he sells cheap.

There has been a crew of men here putting up poles and stringing wires for the last two months, until look in any direction you may see a line of poles. The Home Telephone Co. has a line through our city, but it is in a very bad condition.

A difficulty occurred just below here Monday night between Watt Bone and WM Payne. From the best information we could obtain the trouble started in Madisonville that afternoon. As Payne and a young man named Jones were driving a buggy they were met by Bone who called out "Hello, boys!" He presented a shotgun at the same time and fired at them. Whereupon they wheeled and returned to Nebo in a hurry. Since then we have heard nothing more.

Coley's Honey and Tar - children safe sure. No opiates.

The Mississippi and Mazoni rivers combined form the longest navigable stream in the world.

Drug Talk

Sooner or later there comes a time in the life of every man, woman and child when drugs or medicine of some kind is a necessity. When that time comes to you, go to the

St. Bernard Drug Store,

Where the purest and best drugs in the market are kept. Prescriptions are promptly and carefully filled at all times. We also handle a line of Paints and Oils, Cigars and Tobacco and everything usually carried in a first class drug store.

Bryan Hopper, Mgr.

NATURE'S TONIC

Better than drugging the system—better than artificial tonics—more effective in cleansing the system and toning up the nerves—in ten days or two weeks among the picturesque highlands of Southern Indiana, at these wonderful and rapidly becoming famous

FRENCH LICK AND WEST BADEN SPRINGS

ON THE

Monon Route

and is MUCH CHEAPER. There are several different springs having different curative properties.

For Stomach, Liver, Kidney and Bowel troubles and their attendant nervous affections, these waters have produced wonderful results. They alloy gastric irritation, render soluble in the body substances that are harmful, and thus free the body of them. Their action on the kidneys and bowels, as well as on the skin, corrects the acidities due to various kinds of fermentation in the body.

An excellent adjunct to these waters is the good air and the opportunity for exercise in the open.

HOTEL RATES range from \$8 up to \$35 per week, including free use of the waters.

Booklet telling all about the waters and giving list of hotels and boarding-houses, with their rates, sent free.

CHAS. H. ROCKWELL, Traffic Manager.

LOCOMOTIVE BLASTS

The north and south end coal train crews are having plenty of work to do, even if it is the warm season, hauling the output of the mines along the Henderson division. Engineer Elmo Shaver and Conductor McDowell, of the north end coal run, were on the road 23 hours one day last week before being relieved. The south end coal train, with Engineer Hugh Mulvaney and Conductor Carnesal, in charge, were 10 hours a few days ago doing their work at the mines. This spring is one of the busiest that the Henderson division has experienced in years.

George Majors of this place is at the home of his father-in-law, Dr. Kenner of Hopkinsville, where he went Saturday to have an eye treated, which was injured by a flying piece of steel while he was at work in the L. & N. shone here several days ago. He was taken to Evansville and the piece of steel removed by physicians at a hospital. Since then he has been under treatment by local physicians. It is feared that he may lose the sight of the injured member.

Morton Young, day operator for the Illinois Central railroad at Greenville, was struck by a fast moving freight train Thursday morning of last week as he was delivering orders to another train. His death occurred a few hours after the accident. He was 10 years of age and the son of Mr. and Mrs. R. I. Young of Central City.

Coal was found by the M. & A. Railroad company while making a cut on the property of J. F. Young, near Providence, last week. Slate was struck at a depth of ten feet. The slate is overlying a vein of No. 9 coal. The workmen will have to go through this, as the cut at that point will be about fifteen feet in depth.

Conductor Ed Heufer has moved his family to this place from Hopkinsville. The change in residence is made on account of the local freight run's layover being here instead of Hopkinsville.

Conductor Arch Longstaff has been assigned to the work train lately placed on the south end. He will shortly move his family from this place to Adams, Tenn.

The south passing track at Latham, near Hopkinsville, has been completed and will be used by trains in both directions. It has a capacity of sixty cars.

Operator Charles Edwards, who has been stationed at the South Diamond office, was transferred to the block at Adams, Tenn., this week.

The new passing track being built on the east side of the main track just north of the river north of Hopkinsville has been designated Latham.

Brakeman Thos. Cansler was on the interurban train last week performing the duties of flagman during the absence of Fred Ashby.

Engineer Leonard Huff went to Sebree with the Ben Hur Dramatic Club Friday night to sing with the Male Quartette.

Robt. Jordan, of Guthrie, has accepted a position with the mechanical department of the L. & N. at this place.

Flagman Fred Ashby, of the interurban service, has resumed duty after an absence of several days.

Conductor John Longstaff of Greubrier, Tenn., spent Sunday in the city with friends and relatives.

Operator Rhoades of East St. Louis, has been transferred to Hopkinsville.

Brakeman Herbert Smothers visited home folks at Morton Gap Sunday.

HOME COMING IN HOPKINS COUNTY

(Continued from Page 1)

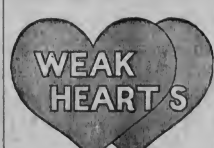

Coming invitation. This list by no means represents the attendance of those who went from this county. Practically every one accepting the invitation has stated that he or she will be accompanied by from two to five others.

The Home Coming Association at Louisville informs us that Hopkins county will, according to its estimates, be represented by 500 former citizens of this county during the big June event.

As the railroads have made a rate of one fare for the round trip from Louisville to all points in Kentucky, tickets going on sale June 10th, it is expected that all former citizens of our county who visit Louisville will come to their old homes as soon as they have partaken fully of Louisville's hospitality.

The following is the list referred to:

Hopkins County.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—well, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure
digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.
I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.
D. KAUBER, Nevada, O.

Digests What You Eat

DRESS GOODS.

Anybody can buy for a retail Dress Goods store—just any old body.

Very few have that inborn taste, coupled with years of experience, which guides them in the selection of the choicest, most tasty effects in Cotton, Woolen or Silken Fabric.

It's no trouble to buy Dress Goods that will wear satisfactorily. That's not the question.

Is it the proper fabric? Is it the correct weight? Is it today's coloring? Is the shade, or is the blending in accord with art? Do you know in the great dress circles of New York, London and Paris these colorings rule? Is it the sublime?

These are the questions to be answered.

The Following Facts Answer Them Completely:

It is a fact we are never overstocked in Dress Goods.

It is a fact we buy Dress Goods more heavily than any other house in Hopkins county.

It is a fact we sell eight out of every ten customers who look through our stock.

It is a fact the handsomest gowns worn in Madisonville originate in our store.

Now, If you are not already a customer of ours, hadn't you best right about face and henceforth wear costumes bearing the artist's marks? They cost you no more and the satisfaction enjoyed by you is invaluable.

FIGHT OVER CROSSING.

L. & N. Engine Now Out of Way and Traction Company Will Put in Crossing.

Mount Vernon, Ind., May 21.—The L. & N. railroad, by their attorneys, appeared in Judge Welborn's court this morning and agreed to allow the Evansville and Mount Vernon traction line to place their crossing at Caborn in position, Wednesday afternoon between 2 and 3:30 o'clock without any further trouble.

The engines, which have been blockading the disputed crossing have been ordered back to Evansville and up until a late hour last night the crossing was unobstructed.

The trouble first started two weeks ago when Judge Welborn issued a temporary restraining order restraining the traction company from putting in the crossing. This order was later dissolved and last Friday, between the hours of 2 and 3:30, was set as the time for placing the crossing in position.

The traction company were on hand with their laborers and already had their crossing put together. At this juncture, in spite of the order of the court, the L. & N. stepped in and took the law into their own hands by placing two engines at the crossing point and effectually blockading the work.

The traction company, wishing to stay inside the law, asked for an injunction restraining the L. & N. people from a further blockade.

This came up today and Judge Welborn set next Wednesday between the hours of 2 and 3:30 o'clock as the time for the crossing to be laid, to which the L. & N. agreed without further protest, and as they have ordered their blockading engines back to Evansville it would appear that they intend to fulfill their agreement to the letter.

All the automobile endurance contests are thrown in the shade by the remarkable performance of Emil Boulhous, of Paris, who rode a bicycle 815 miles and 291 yards in 21 hours, at the remarkable average rate of 34 miles an hour. When one considers the delays and the stops entailed in such a race it means that for hours the rider must have been pedaling his bicycle at the rate of 50 miles an hour, and sometimes even faster than that. The strain on the system to withstand this must be severe and certainly felt by the rider.

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it too. Ask him about it.

Yen must look well after the condition of your liver and bowels. When the daily action of the bowels, poisonous products are absorbed, causing blood to become impure, dyspepsia, and thus preventing the sarsaparilla from doing its best work. Ayer's Pills are liver pills. Antiseptic, yet vegetable. The dose is only one pill at bedtime.

ANNUAL PICNIC

Of Daughters of Confederacy June 2nd.

The U. D. C., will hold their annual picnic at Earlington Lake Saturday, June 2nd.

Daughters, veterans and Sons of Veterans with their families are invited to come and bring their baskets. Good attendance is expected.

The following day, June 3, Decoration Day, will be observed with appropriate ceremonies at Odd Fellows cemetery. Everybody is requested to cut and bring flowers for this occasion as there are a number of graves to be decorated besides those on the Confederate lot.

Calling for "Pharaoh."

Smith's Grove, Ky., May 21.—One of the ten plagues sent up on Pharaoh, the locusts, are here by the millions. These pests come at regular periods of every sixteen years. The last locust year in this section was in 1890. They made their appearance here last week, and now the fields, hills and woods resound with the dismal roar of tens of thousands of voices calling "Pharaoh." It is claimed that these insects do not eat anything for forty days, but they injure young shrubs and trees by splitting the bark unless they are protected.

Notice.

I have been appointed by the magistrates to collect the delinquent county taxes for this magisterial district for 1905. All parties owing for same will please call at my office in Barnett & Son's stable and settle.

Respectfully,
JOHN T. BARNETT.

A Right to Good Roads.

If this is a government of, for and by the people, it is time to cast about and see whether its functions are being faithfully exercised. There are 90,000,000 people in the United States, and more than one-third of these are engaged in agricultural pursuits. Upon this latter class all the others depend for the necessities of life, and according as conditions are good or bad about the agricultural classes, all the others are affected. Prosperity in the farming world means prosperity in the industrial and the mercantile world. When the farmers suffer, the disaster reaches in some measure to every man, woman and child in the country. There is no way to honestly put out of sight the interdependence of our people, and yet the one class that could live absolutely without the existence of any of the other classes is the farming community. In view of these self-evident truths it does seem that the industrial and mercantile classes, with the professional people, would be mindful of everything tending to make rural life profitable and pleasant. The present highway conditions form the most serious drawback that confronts the country today. In no other civilized country do like conditions prevail. Wherever government has intervened for good highways, there the people are happier. The highways afford to the rural population not alone the means of communication with the business world, but the means of reaching churches and school houses and all that they have of social intercourse and amusement. It should be a matter of general public concern to have the highways in all the states put in first-class condition. The states of themselves can never establish satisfactory systems of roads, nor should they be expected to. The cost of road construction should be equitably distributed, and this can be done only through national aid.

A naturalist says: "Men and animals are born with a propensity to fight. Is there in the whole range of the animal creation one animal that does not fight, if it has sense enough and powers of locomotion. Oysters and clams can not fight; their organ of combativeness is not wanting, they have no use for it. They even devour each other, and may be said to eat themselves, for, changing their shell and stomach every year, these remains are generally the first morsel to glut their new system."

SAVED BABY LYON'S LIFE

Untold Suffering and Constant Misery—Awful Sight From that Dreadful Complaint, Infantile Eczema—Commenced at Top of his Head and Covered Entire Body.

MOTHER PRAISES CUTICURA REMEDIES

"Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery, in fact, there was nothing we would not have done to have given him relief. The family doctor seemed to be wholly incapable of coping with the case, and after various experiments of his, which resulted in no benefit to the child, we sent to Mason, Ill., to a druggist and got a full set of the Cuticura Remedies and applied as per directions, and he began to improve immediately, and in about three or four days began to look like a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered, with the exception of a rough skin, which is gradually disappearing, and eventually will be replaced by a healthy one."

"Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life, for he was the most awful sight that I ever beheld, prior to the treatment of the Cuticura Remedies. Mrs. Mabelle Lyon, 1826 Appleton Ave., Kansas, Kan., July 15, 1905."

COMPLETE TREATMENT \$1

Complete external and internal treatment for every humor, consisting of Cuticura Soap, Ointment, and Pills, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disgusting, itching, burning, and scaly humors, eczema, rashes, and irritations, from infancy to age, when all else fails.

Cuticura Soap, Ointment, and Pills are sold throughout the world. "Write at Once, Cuticura Soap, Ointment, and Pills are sold throughout the world. "Write at Once, Cuticura Soap, Ointment, and Pills are sold throughout the world."

LUM PRATHER

Suicides by Shooting Himself with a Shotgun.

Lum Prather, a farmer who lives near Hanson, killed himself Friday by shooting himself in the breast with a double barreled shotgun. He had been in wretched health for a long time, but was thought to be improving.

Friday morning, while his children were at the house of Mr. Smith, Prather sent his wife to the house also with a request that Smith come to see him, as he wished to talk with him on business. When Mrs. Prather returned in a short time with a neighbor she found her husband lying on the floor with his clothes on fire. A hasty examination revealed the fact that he had shot himself in the breast and the gun, at close range, tore a gaping wound in his body.

Correct Status.

The Lancaster Record puts it about correct when it says:

"The newspaper men of Kentucky were never bound so closely together as now, and when their proposed warfare on cheap John politicians and burr tailed legislators begins, you may look for a rattling of dry bones, the like of which has never been witnessed. Instead of serving as the doormat of the community as in former years, the newspaper men of today are the most independent set of professional men in the state. They think and act for themselves, and are led by the nose by no man or set of men."

heals lungs and stops the cough

A LIFE SAVED

READ THIS LETTER FROM A GRATEFUL KENTUCKIAN

Princeton, Ky., Feb. 4th, 1906.
I wish to state for the people of Kentucky, that I believe their great remedy, known as Foerg's Remedy, the great blood purifier, saved my brother's life some ten years ago. He was troubled with a blood disease, and the doctors could get no relief until he used Foerg's Remedy, and was cured by this remedy. After taking five bottles he was entirely relieved of his trouble, and when he died some five years ago he was entirely well of that disease. I also took two bottles as a blood purifier and was much benefited.

C. H. LEWIS,
Princeton, Ky.
(Attorney) H. C. STONE, Princeton, Ky.

Going to Paint This Season?

Has your house ever looked so fine?

HAMMAR PAINTS will stick every season!

The essential qualifications of a lasting paint, its perfectly blended pigments and pure linseed oil, are what you get when HAMMAR PAINT is used.

You do not know the quality of oil used in ready mixed paint. You do not know how long the ready mixed paint has been standing. Hammar Known Paint is nothing but a perfect blend of paint pigments. You add thereto an equal portion of pure linseed oil. The result is a paint that you know contains pure linseed oil without adulteration.

A paint that always has lasted five years and always will.

But to make it safe for you to buy Hammar paint, we will guarantee it to last five years or money back. This guarantee is backed by a half million in cash and by the Great Hammar Paint House of St. Louis, with the reputation of a third of a century back of it for honorable dealing. Drop in some day and let me tell you something about paint that's new.

Sold by John X. Taylor.

For the Land's Sake.

The farmer was fertilizing his soil. A lady from the city stopped to gaze at him.

"What on earth is that?" she asked.

"A new fertilizer, ma'am."

"For the land sake?" she cried.

"Yes, ma'am," said the farmer.

Why take a dozen things to cure that country? Kennedy's Laxative Honey and Tar alters the congestion, stops that tickling, drives the cold out through your bowels.

Sold by John X. Taylor.

The girl who is fastidious to the point of observing little niceties is chary in her use of perfume. She never indulges in those which come in liquid form, except to put a few drops in the bath water, and those in powdered form she selects with the greatest care and never by any chance those that are at all aggressive. The immoderate use of heavy scents is in most exorbitant taste. It suggests blowy hair and cheap imitation jewelry, and is distinctly to be avoided.

Another Scientific Achievement.

The announcement, of course from a German scientific source, of the discovery of the kias germ is cheering, since it can only be a matter of a little while until an anti-microbe will be created in the culture tube. Duly vaccinated and made immune to the dangers of kiasing, the hygienic seal of the heart's affection may then be confidently accepted by innocent lips.

It is possible to obtain relief from chronic indigestion and dyspepsia by the use of KODOL. FOR DYSPYPSIA. Some of the most hopeless cases of long standing have yielded to it. It enables you to digest the food you eat and exercises a corrective influence, building up the efficiency of the digestive organs. The stomach is the boiler wherein the steam is made that keeps up your vitality, health and strength. Kodol digests what you eat. Makes the stomach sweet—puts the boiler in condition to do the work nature demands of it—gives you relief from digestive disorders, and puts you in the way of your best, and feel your best.

Sold by John X. Taylor.

It may prove valuable information to know that alcohol is the antidote of carbohic acid and how to use it. If the burn is external, swallow whisky.

A Mountain of Gold

could not bring as much happiness to Mrs. Lucia Wilkes, of Caroline, Wis., as did one \$20 box of Bucklen's Arnica Salve, when it completely cured a running sore on her leg, which had tortured her 23 long years. Greatest antiseptic healer of Piles, Wounds, and Sores. See St. Bernard Drug Store.

The boatmen of Holland measure distances by smoking. The distance between two named points is expressed as so many pipefuls of tobacco, meaning, of course, that one would smoke so many pipes while covering the distance mentioned. Holland's colonies are 80 times as big as the mother country.

SPECIAL LOW RATES.

To all points in Montana, Idaho, Washington, Oregon and British Columbia, February 15th to April 7th, 1906. Round Trip. One fare. Tickets on special days. Write at once for information and maps to St. Bernard Drug Store, 407 Kentucky Bldg., Cincinnati, Ohio.

Snow was preserved by the ancients, instead of ice, by covering it up in the ground. A cargo of natural ice shipped from Boston to Calcutta in 1888 brought six cents a pound.

For Your Protection

We place this label on every package of Scott's Emulsion. The man with the fish on his back is our trade-mark, and it is a guarantee that Scott's Emulsion will do all that is claimed for it. Nothing better for lung, throat or bronchial troubles in infant or adult. Scott's Emulsion is one of the greatest flesh-builders known to the medical world.

We'll send you a sample free.

SCOTT & BOWNE, 409 Pearl Street, New York

The Magic of a Mirror.

A ward patient in Roosevelt hospital, New York, grew gradually weaker without any apparent reason. "She fretting herself to death about something," said the nurse. "If she would confide in me I think she would get better." By and by the patient did open her mind and heart. "If I could only see myself," she wailed, "I'd feel different. I know I must look like death or you'd let me have a looking glass." It was against the rules to supply patients with that kind of mirror, but the nurse, recognizing the gravity of that particular case, smuggled in a small hand glass. The result was miraculous. "Why, dear me," said the sick woman, "I don't look half so bad as I supposed I did." And from that hour she began to improve.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking any of the known preparations when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it. Sold by Jno. X. Taylor.

There are many professions open to women; but there are not many men who have perfected professions for themselves.

For that matter, there are few men clever enough to originate new lines of work. Yet that is what a Chicago woman has done. She is Mrs. A. E. McCrae. She has named her profession and has no official title. She might be called a station beautifier, for her work consists in making more pleasing to the eye the station grounds and buildings which mark the ways of railroads.

Stop Grumbling

If you suffer from Rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is the sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c. 50c. \$1.00. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my own case many years and have found it a fine remedy for all pains and aches. I recommend it for pains in the joints." Sold by St. Bernard Drug Store.

When the Oregon went into San Francisco harbor recently from Manila, she flew ashoreward bound pennant from her masthead 568 feet long. Her necessary repairs will call for virtual reconstruction.

Fortunate Missourians.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Sorest Cough and Cold cure and Throat and Lung healer. Guaranteed by St. Bernard Drug Store, 50c and \$1. Trial bottle free.

Clown was at first a tattooed person. In Great Britain and France the country people retained the habit of tattooing or painting the faces in imitation of tattooing long after it had been abandoned in the cities.

YOUR SUMMER VACATION

Can be pleasantly spent at Waukegan, Waupaca, Fairfield, or at one of the other hundred resorts reached by Wisconsin Central. Write for beautifully illustrated Summer Book, which tells you how, where, and when to go, and how much it will cost. Free on application to Jas. C. Bond, G. P. A., Wisconsin Central Ry., Milwaukee, Wis.

Size of Army Officers.

President Roosevelt has issued an order fixing the minimum height of army officers at 5 feet 5 inches. The order, of course, will apply only to future officers. It is pointed out that the enforcement of this order may exclude many West Point cadets from the service. For a height of 5 feet 5 inches is enough to admit them to the academy. If they fail to gain an additional two inches they will, no matter what their other qualifications may be, fail to get a commission. An officer undoubtedly ought to be a man of sturdy physique, but there seems to be no reason why he should be 5 feet 5 inches tall. Napoleon was only 5 feet 2 inches when he became first consul.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a cure for the great remedy, and on account of the great merit and popularity of Foley's Honey and Tar many cheap imitations have been put on the market. These worthless imitations have similar names to the genuine. Beware of them. Genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the sure remedy for coughs and colds.

Sold by Jno. X. Taylor.

German eat six meals a day—breakfast, "second" and "third" breakfast, dinner (after which the men take their noonday nap), "vesper" and an early supper, often followed on their return home by a later and more substantial meal.

A good complexion is impossible with the stomach out of order. If they sell people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexions. KODOL FOR DYSPYPSIA will digest what you eat and put your stomach back in the right shape to do its own work. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn.

Sold by John X. Taylor.

An edict of Charles IX. of France, dated 1567, made it a civil offense to offer any guest more than three courses at a meal. If a fourth appeared, the provider of the feast was liable to a fine of 200 francs, while the guests who partook of it could be called upon to pay the authorities 40 francs each.

The Life Insurance

muddle has started the public to thinking. The wonderful success of the life insurance companies in Spry in his crusade on Coughs, Influenza, Bronchitis and all Pulmonary troubles—has started the public to thinking of this wonderful preparation. They are using it. Join the ranks of those who are well with sickness. Price 25c, 50c and \$1.00. Sold by St. Bernard Drug Store.

Statisticians find that something like 2,000 vessels of all sorts disappear in the sea every year, never to be heard from again, taking with them 15,000 human beings involving a loss of \$100,000,000.

Deaths From Appendicitis

decrease in the same ratio that the use of Dr. King's New Life Pills increase. They save you from danger and bring quick and painless release from constipation and the ill growing out of it. Strengthen your bowels and follow their use. Guaranteed by St. Bernard Drug Store, 25c. Try them.

Chemical fire engines are used in Sydney, Australia, and they are likely to be used largely hereafter to check bush fires during the summer months.

RENT PAYS FOR LAND.

Fertile Sections of the Southwest. Where Land Sells for \$15 and Rents for \$3 Per Acre.

One of the remarkable things about Eastern Arkansas and Northern Louisiana is the fact that cleared land rents for \$5 per acre cash and can be bought for \$7.50 to \$15 per acre. It costs from \$5 to \$10 an acre to clear it. Other improvements necessary are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$15 to \$20. This accounts for the high value of the land. Other crops such as corn, small grains, grasses, vegetables and fruits thrive as well. After the field is in a good state, a ton to a cutting, and brings \$10 to \$18 per ton.

In other sections of these states, and Texas as well, the rolling or hilly land is especially adapted to stock raising. It is well adapted to fruit raising, very cheap, \$5 to \$10 per acre; improved farms \$10 to \$25 per acre. The new white soil country offers many opportunities for settlers. Hilly, rolling, the water is naturally adapted to stock and fruit raising. This can be grown as low as \$3 per acre.

The Missouri Pacific-Indian Mountain system lines sell reduced rate trip tickets on first and third Tuesdays of each month to points in the West and Southwest, good return 21 days, with absolute freedom for descriptive literature, maps, time tables, etc., write to R. C. T. T. Traveling Passenger Agent, Louisville, Ky.

Agua, Louisville, Ky. or H. C. TOWNSEND, General Passenger and Ticket Agent, St. Louis, Mo.

HAIR'S VEGETABLE SICILIAN Hair Renewer

Makes the hair grow long and heavy, and keeps it soft and glossy. Stops falling hair and cures dandruff. And it always restores color to gray hair. Sold for fifty years.

Not Worth While.

"Perhaps if I were to hold it down," suggested the space writer. "Wouldn't do any good," said the obdurate editor. "Take a gallon of water and boil down to a pint, and it would still be nothing but water."

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies without any relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me. I am now as strong and well." During the summer kidney irregularities are often caused by excessive eating and drinking. Overeat. Attend to the kidneys at once by using Foley's Kidney Cure. Sold by Jno. X. Taylor.

Mrs. Richard H. Savage is the owner of the famous painting, "Sheridan's Ride," and values it at \$5,000. A bill has been introduced in the senate for its purchase, to be hung in the corridor of the capital.

If You Don't

succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C., of Emory, Tex., writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by St. Bernard Drug Store.

There has just been deposited in the insect house at the Cincinnati Zoo a specimen of the bird-eating spider, which carries its name by occasionally including in its menu some of the brilliancy hued humming birds and var-colored flies of the South American tropics.

A torpid, inactive liver can produce no healthy life that almost anything else. It is good to clean the system out occasionally. Stir the liver up and get it into shape generally. The best results are derived from the use of DeWitt's Little Blue Pills. Reliable, effective, pleasant pills with a reputation. Never gripe. Sold by John X. Taylor.

Finley & Fawcett REAL ESTATE DEALERS

We Have the Following Property for Sale and will sell it reasonably

MADISONVILLE LIST.

A nice house and lot on East Broadway, Madisonville; house new and in first class state of repairs, cheap at \$3,500. Terms easy.

A nice cottage on Daves St. near East Broadway; house new, nice outside, good closets, everything well improved. This property is a bargain at \$1,600.

MINING NOTES.

University Coal Mine.

The authorities of Birmingham university have recently opened on the university grounds an experimental coal mine, occupying nearly an acre of ground. The purpose is to give practical instruction to students in all the problems and operations of coal mining. They are exercised in underground surveying, the connection of surface with underground surveys, the testing of ventilation, the measurement of air volumes and velocities, the friction of air currents, the various methods of breaking coal and management of different kinds of drifts and cutting machines. The completion of this artificial mine has been awaited with interest, and it is expected to be very valuable in teaching the science of mining.

Massillon, O., May 21.—The district mine workers' officials have ordered the engineers and pump tenders to leave the mines. The mine owners fear the mines will be flooded, and have notified the mine workers' officials that they will be held responsible for any damage that may result. The operators claim to have a written agreement with the miners' officials that the engineers and pump tenders shall continue to work in event of a strike, to protect property.

Several hundred acres of coal in the Brush Creek country, near Barboursville, Ky., were purchased this week by Faulkner, Gaddie & Stanfill, of Barboursville. Developments on a large scale will begin in a few weeks.

Poles are being placed and wires strung by the St. Bernard Mining Company from the power house near No. 9 mine, to the adjacent mines. This is done to supply electricity to the mines having no connections.

George Dockery of Linton, Ind., who has been visiting relatives in the Dalton vicinity, returned home this week.

Chas. Hale, mine foreman for the Nortonville Coal Co., with two friends, spent Saturday fishing at Loch Mary.

Hugh Griffin, stable boss at the St. Charles mine, visited friends in the city Sunday.

Mack Long, of this city, was in Crofton Tuesday visiting friends and relatives.

Moscow Haley of Madisonville spent Sunday with his parents in the city.

Double Daily Service to Mexico.

Over 19 hours saved from St. Louis to City of Mexico via the shortest and quickest line, the Iron Mountain Route and connecting lines, through Little Rock, Texas, Kansas, Longview, San Antonio and Laredo. Through Pullman sleepers from St. Louis 2:20 p. m. and \$2.00 p. m. daily. Elegant Dinner Car service. Now is the season to visit enchanting Mexico. Low rates, liberal stop over privileges. For information, rates, descriptive literature, see nearest Ticket Agent or address R. T. G. Matthews, T. P. A., Iron Mountain Route, 301 Norton Bldg., Louisville, Kentucky.

In England no arrests may be made on a Sunday, except for treason, felony, or a breach of the peace, and freedom from arrest at any time on civil process is a privilege enjoyed by members of the royal family and their servants, bishops, peers and peeresses, and members of parliament during the sitting of parliament and 40 days before and after each session.

WASHINGTON.

(Continued from Page 1.)

turned to write a card containing some suggestions in addressing envelopes. The card will urge that ink be used in writing addresses and that care be taken to write plainly. These are the two principal requests. It is believed that in this way the work of the dead letter office will be reduced and the efficiency of the postal service improved.

The National Museum this week came into possession of an ancient steel cuirass of woven flax, which was worn for twenty-seven years by Alexander Baranoff, the first Russian governor of Alaska. George Kostrometoff, a resident of Sitka, presented the relic to the United States. He long has heard legends of the wonderful cuirass, which the Indians still believe was bewitched and rendered the bearer immune from hurts in battle. He discovered it at last in the possession of the Taronis chiefs, whom he prevailed upon to part with it. Baranoff's intrepidity and strength made possible the settlement of Alaska by the white man, and thus unwittingly the doughty Russian warrior served the United States a good turn.

President Roosevelt is making preparations for the annual summer fitting of his family from the White House. Mrs. Roosevelt and the children will go to Oyster Bay the latter part of next week, although Mrs. Roosevelt may postpone her going a few days, letting the children and servants precede her. The president expects to join them before the end of June. He does not expect to be so busy as he was last summer, and hopes to be able to enjoy a few weeks of real vacation.

There is a probability that the likeness of John Paul Jones will appear on one of the forthcoming series of United States postage stamps. A number of naval officers are quietly working to the end that this honor may be bestowed on the Father of the American Navy. Very little attention has been given in this way to naval heroes in the past, for up to 1902 only one represented—Commodore Perry of Lake Erie fame.

The census department has just issued a preliminary bulletin regarding the automobile, which shows that last year there was produced in this country one machine for every 4,000 persons. This may seem to be a small proportion, but when it is remembered that as against 3,316 pleasure machines produced in 1900, nearly 22,000 were produced last year, the growth of the trade becomes apparent. Last year the amount of capital invested was \$20,555,247, as against \$5,768,857 in 1900—a growth of 256 per cent. The value of the products increased 461 per cent, the total for last year being more than \$26,000,000.

COLORED COLUMN

EDITED BY JAMES E. TODD.

Our public school closed Friday with an outing at Lakeside park, where the teachers, scholars and parents spent a day of pleasure together.

A public examination of the public school was held at the A. M. E. Zion church Thursday night. Many parents were made glad to see the work done by the school.

The teachers deserve much praise for the work done among our boys and girls this school year.

Mrs. L. C. Harding was called home Monday to prepare for the graduation of her daughter in a few days.

Prof. T. H. Moore, who was principal of our school, returned to his home at Hopkinsville Tuesday. He has labored seasonally for upbuilding the school.

Mrs. Bessie E. Childers is one among us who has work unceasingly for the betterment of our children both in and out of school and deserves special mention.

Mrs. Mattie Hines is out again after an illness of several weeks.

Rev. J. R. Robinson barely escaped a very bad accident by fire Thursday night. Some lace curtains caught unobserved while his son was lighting a lamp. The fire was extinguished after doing \$25 damage to clothing. Very little damage was done to the house.

Mr. Wiley Lowrey met with the painful accident of having a finger amputated Friday by a machine in No. 9 mine.

Rev. Jones of the C. M. E. church, is quite ill yet. Rev. Robinson preached for him Sunday afternoon and at night to appreciative audiences.

The Sunday school convention is now in progress and is well attended from afar. Temple Theatre is open and looking for you tonight at the welcoming. A reception will be given at Masonic Hall. An entertainment will be given each night at Masonic Hall.

The new electric light on Main street is filling a much needed want and is being appreciated by the public.

Rev. H. H. Amos has been kept very busy preaching lodge sermons around here and has acquired many honors thereby as he has been in the organizations for many years and they call for him, although many are resting.

Look for the school report June 25th in THE BEE, by order of Trustees Board.

Rally for the new school building now as we need your labor and money that we may have a creditable one.

CHEAPER FARM LAND.

SOUTHWEST OFFERS BEST OPPORTUNITIES FOR SECURING HOMES.

Many farmers in the Northern and Eastern states are selling their high priced lands and locating in the Southwest. Many who have been unable to own their homes in the older country are buying land in the new country.

Unusual opportunities exist along the lines of the Missouri Pacific-Iron Mountain Route. The rich, alluvial, delta lands and river bottom lands of Southeast Missouri, Eastern Arkansas, Louisiana and Texas, capable of producing 60 bushels of corn, a bale of cotton, 4 to 6 tons of alfalfa, 100 bushels of potatoes, and other grains, vegetables and hay \$10.00 can be bought for \$7.50 to \$15.00 per acre. When cleared and slightly improved will rent for \$4.00 to \$6.00 per acre cash.

Uplands more rolling, lighter soil, adapted to fruit growing—peaches, pears, plums, grapes, berries—also melons, tomatoes and other vegetables, can be bought for \$5.00 to \$10.00 per acre in unimproved state. Many places with small clearings and some improvements can be bought very cheap.

This is a fine stock country. No long winter feeding. Free range, pure water, mild climate. A healthy, growing country, with a great future. Write for map and descriptive literature on Missouri, Arkansas, Louisiana, Texas, Kansas or Indian Territory. Very cheap rates on first and third Tuesdays of each month. Address,

R. T. G. MATTHEWS, T. P. A.,
Louisville, Ky.
or H. C. TOWNSEND, T. P. A.,
St. Louis, Mo.
